

COVID-19 Test Kit Distribution

The Town of North East and the Village of Millerton have received a small additional supply of at-home, Covid-19 rapid test kits. Like the previous batch that was received, these will be distributed at no cost to Town and Village residents, on a first-come, first served basis, one per household. Priority will be given to households that did not receive one in the previous distribution.

Test kits will be handed out at the American Legion Post 178, from 4-6pm on Thursday, January 6

The address is 155 Route 44. Please do not arrive prior to 4:00PM
