Development with Vision*

FOR HELP WITH **EMERGENCY** HOUSING?

We're Here to Help.

Hudson River Housing provides emergency housing support to help **individuals and families facing homelessness or housing instability**. Eligible households may receive assistance with urgent housing needs, including rental arrears, emergency shelter placement, housing navigation, and connections to supportive services. Tenants, landlords, and community partners are encouraged to work together whenever possible so applications, documentation, and referrals can be reviewed as quickly as possible.

You may qualify for emergency housing assistance if you:

- Live in Dutchess County and need housing support.
- Are experiencing homelessness, housing instability, or risk of eviction.
- Have lost income, are facing financial hardship, or cannot safely maintain your current housing.
- Need help connecting to shelter, housing navigation, or supportive services.
